

## **An Easy Answer for Hospitals and Medical Clinics to Satisfy Ongoing RAC Audit Requirements**

Hospitals and medical clinics are now required to comply with random audit requests from Medicare Recovery Audit Contractors (RAC)...every forty-five days or so. On top of ever increasing pressure to convert to electronic records and train physicians in computerized order entry, where will you find the resources to respond to RAC audit demands within the required timeframe?

We have the answer – the DRS *RACexpress*! It's painless. We come to you and handle everything, from record scanning to indexing. You wind up with a CD or DVD containing the requested records and documents in an electronic format compatible with RAC requirements. DRS can also integrate these files into the RAC management software of your choice. And the best part is Medicare reimbursements could pay for the entire conversion service!
